Resin Paste AR25 (Yellow) - Hardener Paste AH25 (Brown)

Epoxy wood filled adhesive putty.
Mix ratio 1 : 1 by volume. Most versatile. High strength, no - shrink paste to fill, repair and replace wood and other materials in structures, walls, floors, furniture, window sills, doors, frames, roof timber, stairs steps, mouldings and moulds, wendy houses. Easy to use. For best adhesion, apply a coat of LR3X – LH3X as a primer, and while the primer is still wet or tacky, apply the wood putty.

Wood replacement epoxy putty that can be used in structural and decorative applications to replace, repair, extend, or fill wood and other materials.

Especially recommended for dried, rotten or spongy wood consolidated with LR3X - LH3X. Because of its strength and durability, it is a truly permanent solution where alternatives would fail. AR25 - AH25 can be painted, stained, sawed, nailed, sanded, carved and machined like wood.

Can be sculpted by hand before hardening. Bonds well to ceramics, concrete, metal, glass, fiberglass and most rigid surfaces. It can be pigmented while in the wet stage. Powder and paste pigments are available.
